

What 36 Commuter CASH participants are saying about the program...

"I will continue using public transportation. My husband just started taking the bus to Boulder after seeing how easy it was for me. We are even thinking of selling one of the cars." -*Kelly, Louisville*

"No doubt this incentive pushed me to look into public transportation and I have even signed up (through my work) and ordered a monthly bus pass." -*Michael, Westminster*

"I would like to say thanks for allowing me to participate in the program. I will continue to find alternative transportation to work ... You don't realize the chaos on Hwy. 36 coming to Boulder until you haven't driven it ... I hate driving it, and I would rather wake up a half hour earlier to catch the RTD. Once again thanks for the opportunity to participate in the program." -*Eliza, Broomfield*

"I've really enjoyed riding the bus- it's awesome that it is fun, and I am making money. I'll tell you that since I've started riding the bus and being concerned with the environment I have also started a recycling program at my house- which makes me feel really good. Thanks again and I appreciate the opportunity to make some extra money- we can all use it these days!!" -*Stacy, Arvada*

"I just wanted to express how much I have enjoyed taking the Lynx and Call-n-Ride buses over the last few months. Everyone I have come in contact with has been wonderful. I must say - I have never been a public transportation person in the past and now I truly think about where I'm going and how I'm going to get there. I even take the bus to Denver to visit my daughter." -*Kelley, Louisville*
